

Operations Resume at GTI 06th Aug 2020

Date: 06th Aug 2020

Dear Valued Customers,
Greetings from APM Terminals Mumbai!

The power was restored at the terminal post noon after which the normalisation activities were completed.

Please be advised that the vessel side operations have resumed. We have also commenced regular operation on rail side besides yard and gate which were already under normal operation.

The rough weather conditions prevail, with heavy rain accompanied with gusts of winds. We are monitoring the weather closely to ensure safe working conditions.

Please expect suitable advice regarding berthing of the upcoming scheduled vessels from Commercial desk/Berthing Coordinator.

Thank you all for your support and understanding.
